Dear Mr. Lopez:

RE: Notice of Intent to Operate, ML 35683 - Volcanic Material

I have reviewed your Notice of Intent to Commence Mining Operations for Utah State Mineral Lease ML 35683. Before I can approve your plan of operations, I will need a detailed site map or site diagram which illustrates the size of the surface disturbance that will result from your operations. With this information, I will be able to determine the required bond and approve your plan.

Please be aware that approval of your plan by the Division of State Lands and Forestry does not alleviate the necessity to comply with the requirements of the Division and Board of Oil, Gas, and Mining regarding this development. You must contact them and comply with their requirements before beginning any work. Their address is: Division of Oil, Gas, and Mining, 355 W. North Temple, 3 Triad Center, Suite 350, Salt Lake City, UT 84180-1203.

Sincerely,

JERRY W. MANSFIELD
